Freezing cold raindrops
fell from the sky
as it touched my skin.

The black crows are
gliding like
Usain Bolt running with wings in the
beautiful blue sky.

I breathed in the Cold
and
Refreshing air
and I felt calm.

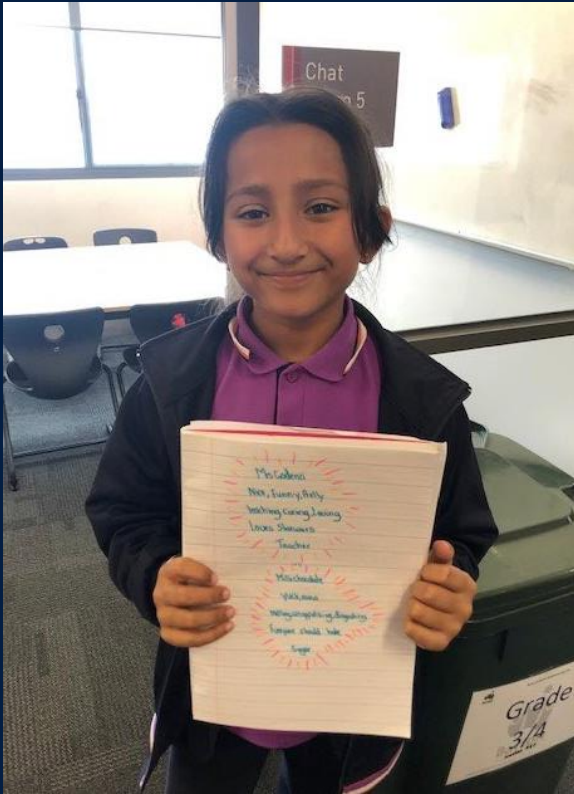

I saw the Australia flag *waving around*
like a snake slithering
from a predator very fast.

I heard the little brown birds
chirping while big birds like the
crows squawking.
