

FIRST AID

PURPOSE

To ensure the school community understands our school's approach to first aid for students.

SCOPE

First aid for anaphylaxis and asthma is provided in our schools:

- *Anaphylaxis Policy*
- *Asthma Policy*

POLICY

From time to time Barton Primary School staff might need to administer first aid to students at school or school activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

Staffing

The principal will ensure that Barton Primary School has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community. First aid training undertaken by selected staff is HLTAID0003- Provide First Aid.

Barton Primary School's trained first aid officers are:

- Andrew Felsinger (trained 13/07/2021)
- Lauren Box (trained 13/07/2021)
- Kate Mathews (trained 13/07/2021)
- Kirby Law (trained 13/07/2021)
- Gemma Whittingham (trained 13/07/2021)
- Sarah Rivers (trained 13/07/2021)

First aid kits

Barton Primary School will maintain:

- A major first aid kit which will be stored in sick bay.
- 6 portable first aid kits which may be used for excursions, camps, or yard duty. The portable first aid kits will be stored:
 - 5 x in sick bay

FIRST AID

- 1 x in the administration office

Kate Mathews and Lauren Box will be responsible for maintaining all first aid kits.

Care for ill students

Students who are unwell should not attend school.

If a student becomes unwell during the school day they may be directed to sick bay and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student.

In the case of head knocks, Homeroom staff will monitor each incident in isolation to determine whether the student requires first aid assistance. Once the student has been sent to first aid, a phone call will be made home to parents requiring them to collect their child.

When a student comes to first aid during recess or lunchbreak, office staff will monitor them to determine whether students require first aid treatment and contact parents where necessary.

First aid management

If there is a situation or incident which occurs at school or a school activity which requires first aid to be administered to a student:

- Staff who have been trained in first aid will administer first aid in accordance with their training. In an emergency situation, other staff may assist in the administration of first aid within their level of competence.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero “000” for emergency medical services at any time.
- Staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- If first aid is administered for a minor injury or condition, Barton Primary School will notify parents/carers by phone.
- If first aid is administered for a serious injury or condition, or in an emergency situation, school staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practical.
- If staff providing first aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
- Whenever first aid treatment has been administered to a student Barton primary School will:
 - record the incident on CASES21

FIRST AID

- if first aid was administered in a medical emergency, report the incident to the Department's Security Services Unit on 03 9859 6266.

In accordance with guidance from the Department of Education and Training, analgesics, including paracetamol and aspirin, will not be stored at school or provided as a standard first aid treatments. This is because they can mask signs of serious illness or injury.

REVIEW CYCLE

This policy was last updated on [15/07/2021] and is scheduled for review in [15/07/2023].
