

# Maths Choice Board

Choose some items from your fridge or pantry to sort. Can you order them from:

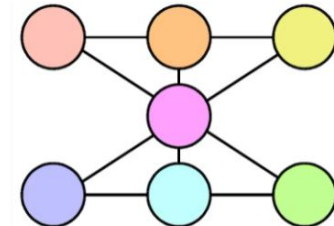

- Smallest to largest
- Shortest to tallest
- Lightest to heaviest

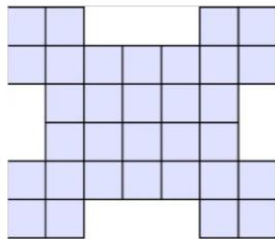

You have \$10 in your piggy bank  
What coins or notes might you have?  
How many different combinations can you create?

Can you put the numbers 1-7 in each circle so that the total of every line is 12?

How many squares can you see?  
How many rectangles?

Play an online maths game

- <https://www.mathletics.com/au/>
- <https://www.mathplayground.com/math-games.html>
- <https://thinksquare.com.au/play/>
- 

Go on a pattern hunt around your house  
Draw the patterns you find or take photos

Create some maths written problems for your family to solve.

Max had 21 lollipops.  
He ate 9 of them.  
How many are left?

Practice your maths facts with a card game

- 10 friends snap or go fish
- flip 2 cards and add or multiply them
